RE: Ordinance – Extend UMU Zone to include 232 and 234 Mt. Vernon Street; and  
Extend LI zone to include 268 Mt. Vernon St., 294 School St., and 5 Farnham St.

Dear Manager Donoghue, Mayor Samaras and Members of the City Council:

The rezoning petition of Attorney George Theodorou on behalf of his clients Broadway Street Holdings, Inc. was referred to the Law Department to draft a proposed amendment to the Zoning Code.

The petition seeks two separate extensions (1) to extend the existing Urban Mixed-Use District (UMU zone) that is presently zoned Urban Neighborhood Multi-Family (UMF) at 232 and 234 Mt. Vernon Street; and (2) to extend Light Industry, Manufacturing & Storage District (LI Zone) to parcel 268 Mt. Vernon St. which is presently zoned Urban Neighborhood Multi-Family (UMF), and 294 School St which is presently zoned Urban Mixed-Use District (UMU zone) and 5 Farnham St which is presently zoned Urban Neighborhood Multi-Family (UMF).

After receiving a legal description from the petitioner I have drafted a proposed Ordinance, which is enclosed, and in accordance with Mass G.L. Ch.40A, §5, the Council must refer it to the Planning Board for a hearing, report and recommendation.

In reference to the proposed Ordinance the following paragraph states the opinion of this office as to whether the proposed zoning amendment would constitute "spot zoning."

The Courts have held that each requested change in zoning must be looked at individually, and from factual input presented to the City Council, such body is to make a determination as to whether the change is in furtherance of the Zoning Act, Mass. G.L. Chapter 40A.

The singling out of a parcel of land for zoning different from that of similar surrounding land may constitute "spot zoning." Not all changes of zoning are considered spot zoning however. The size of the parcel to be rezoned together with other factors with respect to the land and the surrounding land are to be considered in determining whether or not such a zoning change is proper. Our courts, which have upheld various zoning changes, have indicated that the change should be in furtherance of the objects of the zoning ordinance and such change should promote the public welfare.

It is my opinion that this petition does request an extension of the existing UMU Zone for 232 and 234 Mt. Vernon Street and does not constitute spot zoning. The requested zoning appears to be a natural extension of the existing UMU zone; and

It is my opinion that this petition does request an extension of the existing LI Zone for 268 Mt. Vernon Street, 294 School Street and 5 Farnham Street and does not constitute spot zoning. The requested zoning appears to be a natural extension of the existing LI zone; and

Accordingly, the proposed Ordinance should be referred to the Planning Board in accordance with Massachusetts General Laws, Chapter 40A, §5.

Very truly yours,

Rachel Brown
